

UK Visas & Immigration introduces MICE scheme (Meetings, Incentives, Conferences and Events)

The Immigration Minister, James Brokenshire, launched a new scheme to make it easier for large groups and delegations to apply for their visas to the UK.

The MICE scheme is aimed at those bringing groups of more than 150 people to the UK for a conference or corporate incentive.

This service gives event organisers a dedicated contact at UKVI to discuss their group's needs. It also allows customers to apply for their visas up to six months in advance and have the visa post dated by 3 months, receive updated information on new services and have assistance securing appointments at the Visa Application Centres (VAC). MICE scheme applicants can choose to benefit from our user-pay services detailed [here](#).

To find out more about using the MICE scheme please email India.UKVIMICE@fco.gov.uk
