

UK Visas
& Immigration

Arrangement for Point Based System Tier 2 and Tier 4 applicants applicable to submissions within India (Effective August 7, 2017)

From August 7, 2017 all customers submitting a PBS Tier 2 or a Tier 4 application (including dependents) within India will be required to submit all original documentation along with their passport via their chosen Visa Application Centre.

Your documents will no longer be scanned at the VAC and returned to you at the end of your appointment. Instead the documents will be received along with your visa application and returned with your passport following a decision by UK Visas and Immigration.

We regularly review our service arrangements and you are encouraged to visit the VFS website ahead of applying to ensure that you are aware of the process.
